# Your Reliable Partner in Emerging Energy Solutions

Triputra Energi Megatara (TEM) is an energy trading company in Indonesia that provides energy solutions with the best quality and competitive prices for customers in the industry.

Operating under the auspices of the Triputra Group, TEM has been trusted by ExxonMobil to distribute diesel oil for vehicles to Kalimantan and other parts of eastern Indonesia since 2018. As a company that continues to grow, we plan to expand our service coverage so that it can enter all areas of business in all corners of Indonesia as well as developing.

TEM senantiasa mempertahankan mutu produk diesel yang dipasarkan. Ada tiga hal terpenting yang memengaruhi kualitas bahan bakar campuran biodiesel:

**Critical Point**

➤ **Kualitas Biodiesel**

➤ **Teknik Pencampuran**

➤ **Penyimpanan dan penanganan**

**trust**  
Serving Sustainable Solution

At **trust** we adopt a collaborative and client-centric approach. We work closely with our clients, **understanding their unique requirements**, and **delivering tailor-made solutions** that align with their goals and objectives. From project inception to completion, we prioritize **open communication, innovation, and efficiency to ensure successful outcomes.**

### Training & Knowledge Sharing

With the proceeding of biodiesel development, therefore TEM institute several initiative to help better understanding towards fuel handling and knowledge by:

- Knowledge training
- Fuel performance test
- Consultancy

### Overall Productivity

To cater with the quality of B30 and the future specification of biodiesel, TEM come up with fuel quality solution:

- Filtration
- Particle Cleanliness
- Fuel Dispensing System

Trust aims to be **your solution partner** by providing offers **tailored** to your needs.

### Infrastructure Development

Helping mining contractors and owner strengthen their site infrastructure to sustain the overall operation

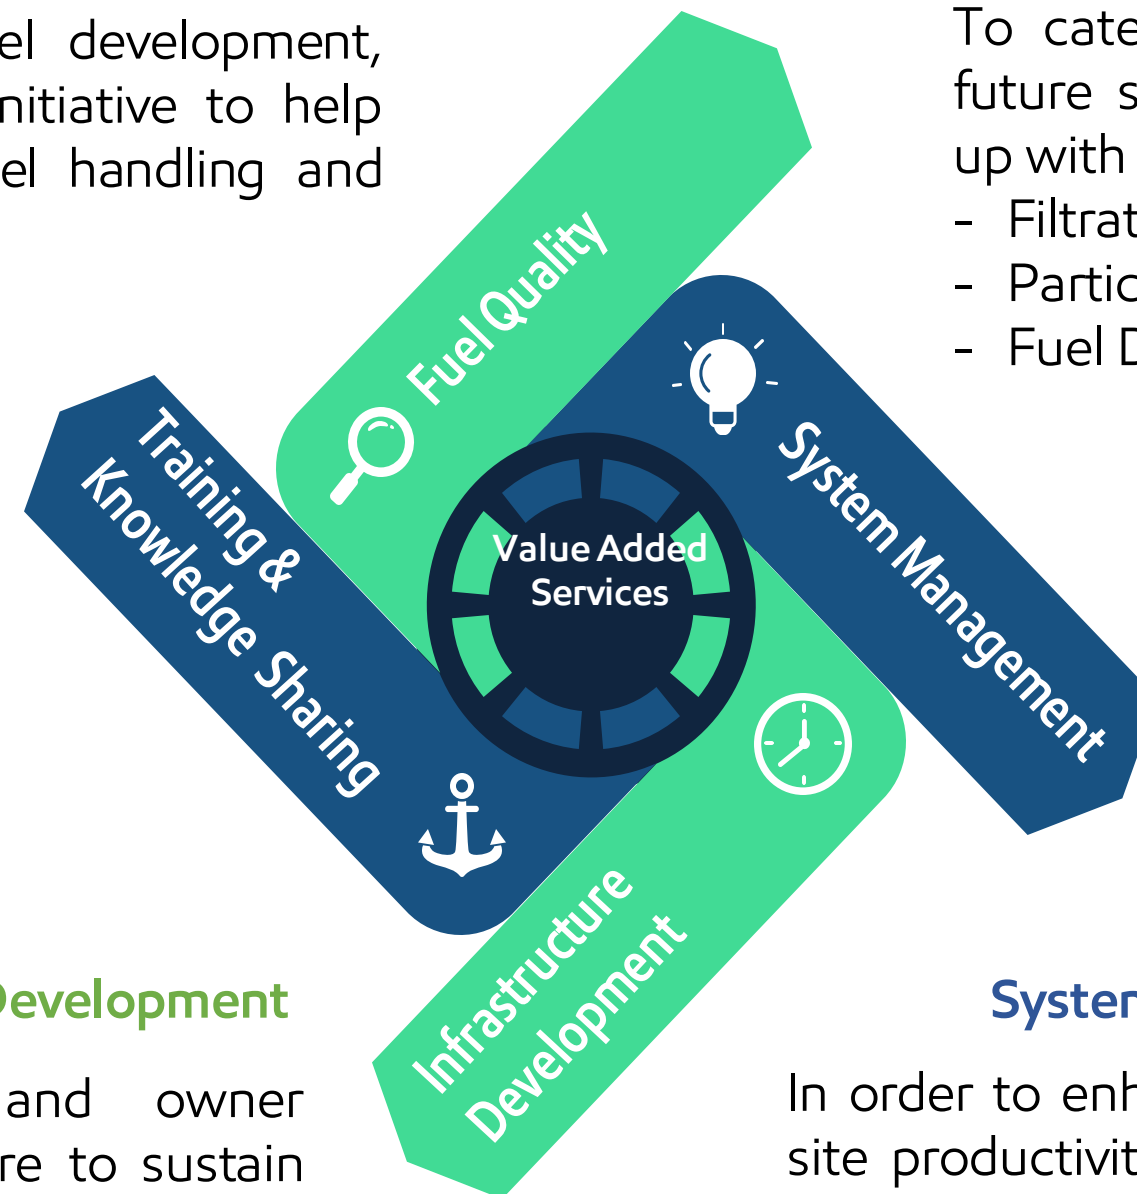

- Tank
- Jetty
- Piping

### System Management

In order to enhance on-site management to increase site productivity and monitoring, TEM come up with system management solution:

- Fuel Management System
- Oil Sensor/ ATG
- IoT & Report Monitoring

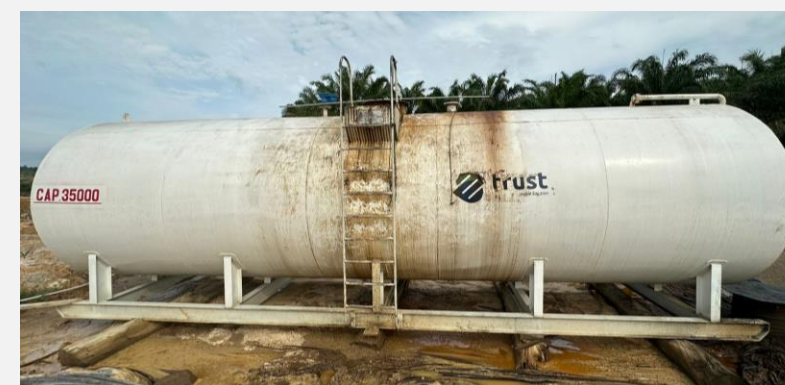

Trust aims to be **your solution partner** by providing offers **tailored** to your needs.

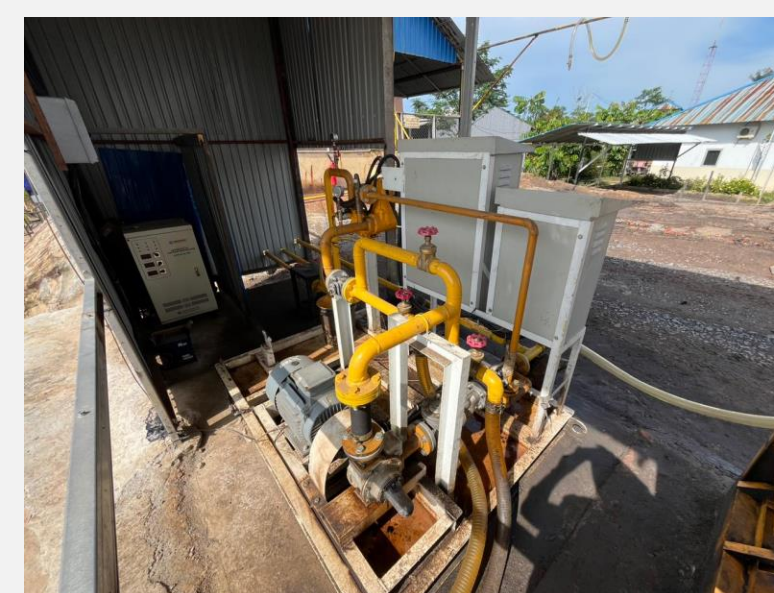

### Training & Knowledge Sharing

### Infrastructure Development

### Overall Productivity

### System Management

Vessel owner and operator for transporting and managing liquid cargo in Indonesia and Southeast Asia
